NOTES TO DELEGATES

## About Organiser

### Background 背景

Founded in 1970, the Hong Kong Computer Society (HKCS), with over 9,000 members, is the first and largest well-recognised non-profit organisation focused on developing Hong Kong's Information Technology (IT) profession and industry. Members hail from a broad spectrum of Hong Kong's IT community, from corporations to like-minded individuals, all coming together to raise the profile and standards of our profession and industry.

香港電腦學會（HKCS）是非牟利機構，於 1970 年成立，致力於推動香港資訊科技（IT）專業及業界發展；現今擁有超過一萬名會員，廣泛來自香港資訊科技界，從公司到個人會員，共同為提升專業和業界的形象及水平而努力不懈。

### Vision 願景

To serve Hong Kong as the leading ICT professional body.  
作為領先的資訊及通訊科技專業團體，服務香港。

### Goals 目標

For past five decades, the HKCS has been playing a vital role in molding IT culture in Hong Kong, and its energy, enthusiasm, and momentum are as positive today as when it was first formed. As a well-respected professional body, the Society is committed to professional and industry development as well as community services that ensure the IT sector continues to make a positive impact in peoples' lives with the following three main goals:

過去五十年來，香港電腦學會在塑造香港資訊科技文化方面扮演重要角色，而本會洋溢的朝氣、熱誠和動力，亦始終如一。作為備受推崇的專業機構，本會致力於資訊科技專業和業界的發展，並積極參與社區服務，以確保資訊科技界繼續為市民生活作出貢獻。下列為本會三個主要目標：

1. Talent cultivation and professional development 人才培育和專業發展
2. Industry development and collaboration 業界的發展和合作
3. The effective use of IT in our community 資訊科技於社會上的有效運用

### What We Do 我們的工作

Under the guidance of the HKCS Council, whose 25 members are recognised leaders hailed from the entire spectrum of our IT industry and profession, CIOB Board, Specialist Groups and ad-hoc Project Committees provide specialized knowledge and information in specific areas of interest and organise regular activities to help promote IT in Hong Kong, including conferences, seminars, workshops and visits on various subjects related to IT.

25 位香港電腦學會的理事會成員，主要由 IT 供應商、學術機構和大型企業的領導人所組成。資訊科技總監分部、各專家小組及特設項目委員會會在特定領域提供專業知識和資訊，並組織定期活動，包括會議、研討會和與 IT 相關的各種主題的訪問等，以推廣香港的資訊科技。

Through its Council and Committee Members, the Society is well represented in Government, professional, and industry advisory bodies to contribute to and advise on policies, standards and applications related to IT in both public and private sectors. Based on Members' surveys and informed views of our Council and Committees, formal responses are regularly submitted to the Government in relevant consultation exercises.

本會透過理事會和委員會成員，充分參與政府、專業、業界的顧問組織，就與資訊科技相關的政策、標準和應用，為公共和私營部門作出貢獻和提供建議。根據本會向會員進行的調查，以及理事會和委員會委員的意見，本會定期向政府提交相關諮詢文件的正式回應。

### Talent Cultivation and Professional Development 人才培育和專業發展

With Talent Cultivation and Professional Development being our primary goal, the Society persistently encourages our youths to pursue IT-related studies at our tertiary institutions and to take up IT as a career. As for continuing professional development, our 5 Specialist Groups (Artificial Intelligence, Cyber Security, Enterprise Architecture, Financial Technology, and Innovation and Entrepreneurship) disseminate technical and application knowledge of topical interests to in-service professionals through forums and networking activities.

人才培育和專業發展是本會的首要目標。本會持續不斷地鼓勵青少年在大專院校選讀資訊科技相關的科目，並在將來投身資訊科技。持續專業發展方面，本會四個專家小組（人工智能、網絡安全、企業架構設計、金融科技以及創新及創業）通過論壇和人際網絡活動，為在職的專業人員傳播各專題的技術性和應用性知識。

IT Leadership Accelerator Platform (iLEAP) was set up and launched in 2017 to equip senior IT practitioners with the crucial skills for navigating challenges in the new technological landscape and prepare themselves for more senior leadership roles, which in turn, nurture more elite leaders to support Hong Kong's economic development through ICT innovation.

IT 領袖培訓平台（iLEAP）於 2017 年成立，旨在為 IT 管理人員提供應對新技術領域挑戰的關鍵技能，並為晉身更高級的領導角色作好準備，從而培養更多業界領袖，通過資訊及通訊科技創新，促進香港的經濟發展。

With broad support from our professional community, the Society is the pioneer in launching IT professional certification in Hong Kong, with eight certifiable titles, namely three master level titles (System Architect, Project Director, Quality Assurance Manager), one specialist level title (IT Project Manager) and four practitioner-level titles (Associate Project Manager, Business Analyst, System Operation Officer, Information Security Officer).

隨著從專業社群中得到廣泛的支持，本會亦是推動香港資訊科技專業認證的先驅，有八個認證項目，包括三個大師級別（系統架構師、項目總監、質素保證經理）、一個專家級別（資訊科技項目經理）及四個專業人員級別（助理項目經理、業務分析師、系統運作主管、資訊保安主管）。

### Industry Development and Collaboration 業界發展及合作

Over the years, HKCS has established a strong network with local IT professional and organisations, with many co-organised and mutually supported events. Particularly worthy of note is reached an agreement on Reciprocal Recognition on Professional Qualifications RRPQ with the Hong Kong Institution of Engineers. An MOU was signed with the China Computer Federation in January 2018 to lay down the groundwork for deeper exchange and cooperation towards the development of IT profession in the future.

多年來，香港電腦學會透過各項合辦和互相支持的活動，與本地資訊科技專業人士和機構建立了強大的網絡。尤其值得注意的是本會與香港工程師學會（HKIE）達成了專業資格互認（RRPQ）協定。香港電腦學會與中國計算機學會（CCF）於 2018 年初簽署了合作備忘錄，讓雙方有更進一步的深化交流，為提升整體業界共同努力。

On the international front, an excellent example is its EXCO Membership of the Asia Pacific ICT Alliance (APICTA) which conducts the annual APICTA Awards with HKCS organising an annual delegation from Hong Kong to compete with entries from Asia Pacific economies. Hong Kong results have always been good to excellent over the past years.

國際方面，一個很好的例子是擔任亞太資訊及通訊科技聯盟（APICTA）的行政委員會成員，參與舉辦一年一度的亞太資訊及通訊科技大獎，每年由本會組織香港代表團與亞太經濟地區進行比賽；而在過去十年，香港的表現一直非常卓越，創出理想成績，為港爭光。

## Hong Kong International Computer Conference 2022 (HKICC 2022)

### Background 背景

The Hong Kong International Computer Conference (HKICC) is an annual flagship event organised by the Hong Kong Computer Society (HKCS) since 1978 and is one of the best and most popular ICT conferences in Hong Kong. It brings together ICT professionals and experts, government leaders and business executives from local and abroad to share and discuss the latest trends of ICT innovations and developments in enhancing business opportunities and productivity.

「香港國際電腦會議」(HKICC 自 1978 年由香港電腦學會創辦以來，已成為業界一年一度的盛事，深受香港以至亞太區的資訊科技界及社會人士歡迎。「香港國際電腦會議」匯集香港及國際的資訊科技專家、政府官員和商界管理層，共同分享與研討資訊及通訊科技在創新與發展上的最新趨勢，特別是促進商機及提升生產力方面。

### Theme 主題

**The Digital Economy – the Key Enablers and Driving Forces in Next Five Years**

數字化經濟新機遇 (塑造未來五年發展優勢)

### HKICC Highlighted Topics 焦點議題

Digital Economy  
數字經濟

Industrialisation  
工業化

Digital Infrastructure  
數碼基建

ESG & Green Finance

# 中國移動香港 企業智能解決方案服務iSolutions

5G 時代現已降臨，CMHK iSolutions 為企業客戶打造一站式 5G 技術和定制智能解決方案，提供優質服務體驗。CMHK iSolutions 聚焦 6 大行業，包括金融、地產、交通物流與公共事業、科技教育與醫療健康、商業服務及智慧城市。根據各行業特性，度身訂造各類 5G 行業綜合解決方案，推動行業客戶業務發展，掌握先機。

## 金融

以5G網路為基礎，運用金融專線、多重雲端、私有雲端、雲端連接等架構設計和管理服務，透過5G切片技術及CMHK S²OC安全服務，為金融業的網絡、數據、運營服務提供安全保障，助力數字金融轉型。

## 地產

通過注入5G流動通訊科技，優化物業管理，CMHK iSolutions的智慧物管方案，如智慧樓宇、智慧停車場、智慧洗手間及5G機器人，提升物業服務體驗與效率，帶來更多客流與商機，使物業增值。

## 交通物流與公共事業

交通物流運輸業發展一日千里，CMHK iSolutions以科技拓展本地交通物流業，當中以車路協同、智慧車隊作行業先驅，進一步減少企業成本壓力、提升營運效率及管理水平，助力行業拓展。

## 醫療健康與科技教育

遙距醫療應用已成為大勢所趨，當中包括遠端探視、緊急救援、AI輔助診療、手術示教等應用；CMHK亦已推出「醫聊通 Dr. HK」應用程式，與本港多間診所組成醫療網絡，為用戶提供線上問診，大幅度提升醫院運作效率，為病人帶來優質的醫療服務。

至於教育方面，CMHK響應政府教育方針，積極打造數智化校園、培養新一代科創人才，相繼推出5G智慧校園方案、5G直播課方案、5G STEM課程、5G AI學習平台-移動教育平台等，更可於課堂利用VR進行教學，打破空間和工具限制，帶來嶄新的學習體驗。

## 商業服務

CMHK為零售以至法律及會計等專業服務企業提供技術測試、核對和分析數據等服務。包括助零售企業透過AI及大數據提升購物體驗及理解消費習慣等，改善企業的廣告投放、營銷及業務策略，提升整體效益。

## 智慧城市

利用CMHK強大的5G網路基建，配合物聯網、大數據及人工智能等科技，推動城市發展，提升政府及公共服務的管理效率，打造智慧城市，為市民帶來更優質及便利的生活。

## 香港國際電腦會議 2022

Hong Kong International Computer Conference 2022

*Accelerating the Digital Economy - the Key Enablers and Driving Forces*

### MESSAGE FROM PRESIDENT OF HKCS

**Dr. Rocky Cheng 鄭松岩博士**

President, Hong Kong Computer Society  
香港電腦學會會長

I am pleased to announce that the Hong Kong International Computer Conference 2022 (HKICC2022), being a Celebrating 25th Anniversary of Establishment of Hong Kong SAR event, will be held from 17th to 18th November 2022. It will be a Hybrid Conference under the current "New Normal". Theme of the conference this year is "The Digital Economy – the Key Enablers and Driving Forces in Next Five Years".

As announced in the Policy Address this year, the Hong Kong SAR Government will continue its investment in the development of innovation and technology, which can provide key impetus for Hong Kong's high-quality economic development. The Government is planning to promulgate the Hong Kong I&T Development Blueprint within this year to set out major policies in four broad development directions, including enhancing the I&T ecosystem and achieving re-industrialisation in Hong Kong, expanding The I&T talent pool for enhancing development momentum, building a smart Hong Kong to enhance the quality of life of citizens, and proactively integrating these initiatives into the overall development of our country and consolidating Hong Kong's advantages as an international city, which can provide a clear direction and all-round strategy for the development of Hong Kong I&T industry. And these measures can further help I&T to become Hong Kong's new economic driver and an international innovation and technology center under the 14th Five-Year National Plan.

HKICC this year is to highlight the opportunities created by Digital Economy for Hong Kong ICT industry. The conference will mainly focus on four major areas including "Digital Economy", "Industrialisation", "Digital Infrastructure" and "ESG & Green Finance".

World class technology experts, business leaders, academics and policy makers will gather and exchange their insights, and I believe the attendees will be benefited enormously.

I look forward to meeting you online or in person at the Hong Kong International Computer Conference 2022.

本人欣然宣佈，作為慶祝香港特區成立25周年項目之一，香港國際電腦會議2022（HKICC2022）將於今年11月17日至18日，基於「新常態」，而採用以網上及實體形式，同步進行。本年的主題為「數字化經濟新機遇（塑造未來五年發展優勢）」。

據本年度的施政報告指出，政府將繼續加強投資於創新科技，視創新科技為激活香港經濟高質量發展的重要引擎，包括在今年內推出「香港創新科技發展藍圖」，就四大發展方向制訂重點政策包括完善創科生態圈與實現香港「再工業化」、壯大創科人才庫以增強發展動能、建設智慧香港提升市民生活質素，以及積極融入國家發展大局同時鞏固香港國際化優勢等，為香港的創科產業發展訂出大方向及通盤策劃。此舉將進一步有助創科成為香港新經濟動力，成就《十四五規劃綱要》下的國際創新科技中心。

本年度香港國際電腦會議的主題，將重點討論數字化經濟為香港資訊及通訊科技行業帶來的發展機遇。是次會議將有四大焦點議題，包括「數字化經濟」、「工業化」、「數字化基建」及「環境、社會、管治與綠色金融」。

世界級的資訊及通訊科技專家、商界領袖、學者及政府管理階層人士將雲集交流，並就各議題交換其真知灼見，相信將令出席者獲益良多。

希望能在網上及實體同步舉行的香港國際電腦會議2022，與你會面。多謝各位。

## 香港國際電腦會議 2022

Hong Kong International Computer Conference 2022

*Accelerating the Digital Economy - the Key Enablers and Driving Forces*

### MESSAGE FROM CONFERENCE CHAIRPERSON

**Dr. Denis Yip 葉成輝博士**

Chairperson, HKICC2022 Conference Committee  
香港國際電腦會議2022籌備委員會主席

The Hong Kong International Computer Conference (HKICC) has been organised by the Hong Kong Computer Society (HKCS) annually since 1978. The main objective is to bring together IT professionals, and business and government leaders from all over the world to explore opportunities that information technology can offer, and to share their successes and valuable insight. The conference has always been a significant event in the IT industry. Last year, it attracted over 40 prominent speakers and over 1,000 delegates participating in the conference onsite and online under the "New Normal". More than 1,000 delegates are expected to attend the HKICC hybrid conference this year, representing a variety of local and overseas public and private organisations.

The theme of this year is "The Digital Economy – the Key Enablers and Driving Forces in Next Five Years". The digital economy is the economic activity that results from billions of everyday online connections among people, businesses, devices, data, and processes and empowered by emerging technologies such as AI, 5G, Big Data, mobile technology and the internet of things (IoT). Currently, Hong Kong is facing a slowdown in the economy because of COVID-19 pandemic affecting all walks of life. Positioned as the international innovation and technology center under the planning of Guangdong-Hong Kong-Macau Greater Bay Area as well as the 14th Five-Year National Plan, the Government has announced to further invest in the development of innovative technology to bring positive help to the Hong Kong economy and enhance Hong Kong's competitiveness in the long run. It is time for Hong Kong to develop digital economy, and how to integrate these advanced technologies into business operations and daily life has thus become the key.

It is an honour to invite experts from different areas as our speakers and gain inspiration and opportunities by sharing their vision and wisdom. Participants will be able to have a better understanding of the development potential of digital economy. I am sure you will be able to get lots of valuable insights and inspirational ideas.

I would like to take this opportunity to thank all the sponsors for their generous contribution, all the Guest of Honours and speakers for their sharing and support, the dedicated efforts of the members of the Conference Committee and the Secretariat of HKCS. Last but not least the long time support of all HKCS members. Your continuous support will motivate us to further develop and succeed in all coming HKICCs.

I am delighted to have you all with us online or onsite to participate and share in Hong Kong International Computer Conference 2022. Look forwards to seeing you.

「香港國際電腦會議」（HKICC）自1978年由香港電腦學會創辦以來，已成為業界一年一度的盛事，深受香港以至亞太區的資訊科技界及社會人士歡迎，旨在匯集香港及亞太區的資訊科技專才、商家和政府官員，發表研究成果、真知灼見與交流經驗。延續去年會議吸引了逾40位行業專才擔任講者及逾1,000位線上線下出席者參與之佳績，本年「香港國際電腦會議」，預計將可吸引逾1,000位來自世界各地的代表，出席網上及實體同步舉行之會議，繼續為資訊科技專才及企業提供廣泛交流的機會。

本屆主題為「數字化經濟新機遇（塑造未來五年發展優勢）」。數字化經濟是由人、企業、設備、數據與流程之間，日常數十億計的線上連繫所產生的經濟活動，並藉人工智能、5G、大數據、移動技術及物聯網（IoT）等新興科技推動。目前，香港各行各業都受到新冠肺炎疫情影響，正面臨經濟放緩。根據國家「十四五」規劃及粵港澳大灣區的規劃和發展中，香港已被定位為國際創新科技中心，而香港政府亦宣布將進一步投資創新科技發展，冀能為香港經濟帶來正面的幫助，並長遠提升香港的競爭力。因此，香港致力發展數碼經濟，可謂正當其時；而如何將一眾新興科技融入商業運作及日常生活中，將成為關鍵。

對於能邀請到來自不同領域的專家，擔任會議的演講者，本人深感榮幸。與會者能通過他們分享的視野和智慧，獲得靈感和機會，並能對數字化經濟的發展潛力有更好的理解。本人相信，你會獲得許多有價值的見解，以及鼓舞人心的想法。

本人想借此機會，衷心感謝各位贊助商的慷慨支持、各位主禮嘉賓及講者的無私分享及支持，以及籌委會成員及香港電腦學會秘書處的共同努力。最後，要感謝香港電腦學會一眾會員所作出的長期支持；而你的持續支持，將激勵我們更進一步發展，務求令日後每屆會議都能達致成功。

本人期望在網上及實體同步舉行的香港國際電腦會議2022與你相遇。多謝各位。

## 香港國際電腦會議 2022

Hong Kong International Computer Conference 2022

*Accelerating the Digital Economy - the Key Enablers and Driving Forces*

### MESSAGE FROM PROGRAMME CHAIRPERSON

**Professor Herbert Chia, JP 車品覺教授太平紳士**

Programme Chairperson, HKICC2022 Conference Committee  
香港國際電腦會議2022程序主席

The theme of the Hong Kong International Computer Conference 2022 (HKICC 2022) is "The Digital Economy – the Key Enablers and Driving Forces in Next Five Years". We will explore the potentials and opportunities brought by the development of Digital Economy, for Hong Kong ICT industry in four major areas including "Digital Economy", "Industrialisation", "Digital Infrastructure" and "ESG & Green Finance".

"Digital Economy" - Heavily-weighted keynote speakers, including Mr. Charles Li, SBS, Founder & Chairman of Micro Connect; Mr. Raymond Janse van Rensburg, Vice President, Systems Engineering Asia Pacific, Japan and Greater China of Cisco; Mr. Andrew Weir, Regional Senior Partner, Hong Kong of KPMG; Mr. Vincent Chen, CTO of Huawei International Co. Limited; Dr Lee Kai-fu, Chairman and CEO of Sinovation Ventures, will discuss different topics such as "Building a Bridge to a Digital Economy", "Explore the future, embrace the intelligent world, focus on ICT innovation to develop the digital economy", "How AI will transform the World" and so on, exploring the opportunities and challenges in the Digital Economy.

"Industrialisation" - The Hong Kong SAR Government has announced to enhance the I&T ecosystem and achieve re-industrialisation in Hong Kong. Policy included promoting commercialisation of research and development (R&D) outcomes and the development of technology industry; creating the post of Commissioner for Industry to press ahead with re-industrialisation; assisting the manufacturing sector in upgrading and transformation by making use of I&T; strengthening infrastructure and facilities; and enlarging the I&T talent pool to create strong impetus for growth. This session will explore the advantages and challenges of Hong Kong in promoting industrialisation.

"Digital Infrastructure" - Experts from the Hong Kong Monetary Authority, H3C Group, Hong Kong University of Science and Technology, MTR Corporation Limited, etc. will explain the elements of digital infrastructure and share relevant experiences from different perspectives in this session. Panel Discussion, themed "Ethical AI", will be moderated by Ms. Gilly Wong, Chief Executive of Consumer Council with expert panelists coming from the technology industry, investment field and academia respectively.

"ESG & Green Finance" - Environmental, Social and Governance (ESG) has gained traction recently and playing a rapidly increasing role in investment decisions in Asia Pacific. Beyond just an investment option, sustainability is vital to the future of our world. As we find ways to increase prosperity and improve the quality of life while reducing overall impact to the environment, sustainability can create short and long-term value. Green Finance is any structured financial activity that has been created to ensure a better environmental outcome. Technology has the potential to power both. Come and learn more about how technology can be embraced to create a more sustainable future.

Professionals including CEOs, CFOs, CTOs, CIOs, Strategists, Trendsetters, Innovators, Entrepreneurs, MIS Managers, Operation Managers, Marketing Managers, Academics, and Policy Makers from both local and international corporations will gather onsite and online to share their pearls of wisdom, experiences and visions.

I sincerely invite you to attend this annual ICT industry event to meet the world-class leaders and scholars at HKICC 2022.

香港國際電腦會議2022的主題為「數字化經濟新機遇(塑造未來五年發展優勢)」,將探討數字化經濟發展,為香港資訊科技業界帶來的潛力和機遇。會議將就四大範疇包括「數字化經濟」、「工業化」、「數字化基建」及「環境、社會、管治與綠色金融」等作出探討。

「數字化經濟」方面,此環節多位重量級主講嘉賓,包括滴灌通創始人及主席李小加先生, SBS、思科系統亞太、日本及大中華區系統工程副總裁Raymond Janse van Rensburg先生、畢馬威香港區域高級合夥人Andrew Weir先生、香港華為國際有限公司首席技術官陳穎先生及創新工場董事長兼首席執行官李開復博士等,將就不同議題例如「建立通往數字化經濟之橋樑」、「探索未來,擁抱智能世界,聚焦ICT創新以發展數字經濟」、「人工智能如何轉化世界」等,探討數字化經濟當中的機遇與挑戰。

而「工業化」方面,政府宣布將完善創科生態圈,實現香港「再工業化」,包括促進科研成果商品化、促進科技產業發展、設立「工業專員」推進「再工業化」,協助製造業利用創新科技升級轉型、加強基建設施及壯大創科人才庫,增強發展動能等。而此環節將探討香港在推動「工業化」的優勢及所面對的挑戰。

在「數字化基建」環節,來自香港金融管理局、新華三集團、香港科技大學、香港鐵路有限公司等的專家,將由不同角度闡述數字化基建的要素及分享相關經驗。至於分組討論環節,則以「人工智能倫理」為主題,由消費者委員會總幹事黃鳳嫻主持,分別與來自科技業界、投資界及學界的代表共同探討。

至於「環境、社會、管治與綠色金融」環節,此環節將了解更多關於如何利用科技,創造一個更可持續發展的未來。環境、社會與管治(ESG)近年備受關注,並於亞太地區,迅速地在投資決策上扮演越來越重要的角色。可持續發展並非僅為投資選擇,其對世界的未來也極為重要。當我們尋求如何促進繁榮和改善生活質量,同時減少對環境的整體影響的方法時,可持續發展就能創造短期與長期價值。綠色金融指任何為確保有利於環境而創建的結構性金融活動。科技無論對ESG還是綠色金融,都具有推動的潛能。

來自本地及世界各地的首席執行官、首席財務官、首席技術官、首席信息官、戰略家、趨勢制定者、創新者、企業家、MIS經理、運營經理、營銷經理、學者和政府管理階層人士,將在網上濟濟一堂,共同分享智慧、經驗及視野。

本人誠意邀請你出席這個一年一度的資訊及通訊科技業界盛事,與世界級的資訊科技領袖及學者在會議會面。機會難逢,萬勿錯過。

Let's create  
something  
↳ that changes  
everything.

Today, what business needs most is creativity.

So let's create AI with integrity, not bias.  
Security that protects your data anywhere.  
Automated systems that make work less  
work. Cloud management that requires less  
management. And new ways for business  
to do business.

Let's create. At scale. Right now. Together.

Let's get started at [ibm.com/lets-create](https://ibm.com/lets-create)

What if →

your job was to maintain the country's most complex network of bridges and tunnels? For you, inspections are a constant battle with Mother Nature and Father Time. So you call IBM to analyze details from drone footage using AI. You consolidate the data with maintenance records and discover issues before they're issues. Now your sustainability strategy can help dramatically extend the life expectancy of your bridges and save tons of CO<sub>2</sub> emissions. Who knew...

you could put  
responsibility  
and results on the  
↳ same roadmap?

Put your sustainability  
goals into action at  
[ibm.com/hk-en/sustainability](https://ibm.com/hk-en/sustainability)

The background of the advertisement features a blurred industrial setting with a red robotic arm on the left and two men in light blue shirts on the right. One man is holding a tablet. The overall theme is digital transformation in a manufacturing or industrial context.

# DEFEND YOUR DATA > REFUSE the RANSOM

## Ransomware Threat are Evolving. Fight Back!

Your backup is supposed to help protect your data from ransomware, but legacy backup products often become victims themselves. For maximum protection from the crippling effects of a ransomware attack, you need a reliable recovery plan—ideally one based on a hardened backup solution.

Download the eBook to learn:

- How to prevent your backup solution from becoming a ransomware target
- Why a multi-layered approach to data protection is the best way to safeguard your backup data against ransomware
- And how, if the worst does happen, you can quickly recover to reduce downtime and data loss.

Cisco (NASDAQ: CSCO) is the worldwide leader in technology that powers the Internet. Cisco inspires new possibilities by reimagining your applications, securing your enterprise, transforming your infrastructure, and empowering your teams for a global and inclusive future. We have 79,000 employees in 95 countries generating approximately US\$50 billion in revenue in fiscal 2021. Our products and services include networking, collaboration solutions, security solutions, wireless and mobility, data center, IoT, video, analytics, and software solutions. More than 85 percent of the world's web traffic travels securely across Cisco connections, and our software and solutions protect the data of millions of users and organizations, including the public sector and 98 percent of the Fortune 500.

PLATINUM SPONSOR

Huawei is an independent, privately-held company that provides Information and Communications Technology (ICT). We have nearly 194,000 employees, and we operate in more than 170 countries and regions, serving more than three billion people around the world. Everything we develop and deliver to our customers is secure and trustworthy, and this company track record has been consistent for 30 years. With integrated solutions across four key domains—telecom networks, Information Technology (IT), smart devices, and cloud services—we are committed to bringing digital to every person, home, and organization for a fully connected, intelligent world.

Huawei brings together seven types of partners: sales partner, solution partner, service and operation partner, investment and financing partner, talent alliance, industry organization, and industry partner. We announced a partner development strategy that consists of four initiatives: profitability, simplicity, enablement, and ecosystem. Through this strategy, we strive to help partners achieve their goals, and build a diverse ecosystem that is open, collaborative, and thrives on shared success. We remain committed to connecting the "expressways" that will facilitate the digital transformation of all industries, and to working with our customers and partners to create new value.

PLATINUM SPONSOR

#### About H3C

H3C is an industry leader in digital solutions, and is committed to becoming the most trusted partner of its customers in their quest for business innovation and digital transformation. Through the deep layout of the whole industrial chain of "chip-cloud-network-edge-terminal", we are constantly improving the capability of digitalization and intelligence. We offer a full portfolio of digital infrastructure products, spanning across chip, compute, storage, networking, 5G, security, terminal and related domains, and provide a comprehensive one-stop digital platform that includes cloud computing, big data, artificial intelligence (AI), industrial internet, information security, intelligent connectivity, and edge computing, as well as end-to-end technical services.

We have firmly oriented ourselves towards the needs of our customers, supported by a deep foundation with more than 30 years of operation. We provide scenario-based and customized solutions to our customers, enabling digital transformation in various industries that include, but not limited to carrier, government, finance, healthcare, education, transportation, manufacturing, utilities, energy, Internet, and building etc., products are widely used in over 100 countries and regions.

## 香港國際電腦會議 2022

Hong Kong International Computer Conference 2022

Accelerating the Digital Economy - the Key Enablers and Driving Forces

### Notes to Delegates (Attend In-person)

#### Venue

Meeting Room **S421** of Hong Kong Convention and Exhibition Centre (HKCEC), Wanchai  
(Please go to L4 via Harbour Road Entrance)

#### Registration

The Registration Counter will be open on-site from 09:00 to 17:00 on 17 and 18 November respectively. Please bring along your E-tickets with QR code to obtain your identification badge at the Registration Counter. All speakers/panelists are required to arrive at least 45 minutes before his/ her scheduled session. All attendees must use the "LeaveHomeSafe" mobile application and are required to wear surgical mask at all times while visiting the HKCEC. All attendees are required to comply Vaccine Pass Requirements, otherwise he/she will not be permitted to enter.

Please refer to: <https://www.coronavirus.gov.hk/eng/vaccinepass.html>

Meeting Room S421 of HKCEC is a premises subject to active checking of Vaccine Pass under the Vaccine Pass Direction issued by the Secretary for Health pursuant to the Prevention and Control of Disease (Vaccine Pass) Regulation (Cap. 599, sub. leg. L).

Every person who enters or remains at Room S421 of HKCEC is required under the law to have been vaccinated in the manner specified in the Direction, unless he/she is an exempted person. For details, please visit the COVID-19 Thematic Website.

#### Conference Sessions

Opening Ceremony: 09:30 on **17 November**.

Keynote Sessions will be held in morning session on 17 and 18 November.

In the afternoon, there will be speakers' sharing and panel discussion.

#### Language

English and Mandarin are the official language of the Conference.

#### Dress Code

Business suit or equivalent is recommended throughout the Conference.

#### Identification Badge

For security reasons and for the purpose of better service, please wear your identification badge at all times during the Conference. Your badge will serve as your admission to all Conference Sessions.

#### Personal Property

Please take good care of your personal belongings. Do not leave them unattended. The organiser will not be responsible for any loss or damage of your personal property.

#### Punctuality

In order not to delay the proceeding of the Conference and cause unnecessary waste of time, we specifically request your co-operation to be punctual.

#### Weather Conditions

The Conference shall be immediately cancelled if the typhoon signal No. 8 is hoisted or Black Rainstorm Warning is issued during the Conference. The morning session will be cancelled if the typhoon signal No. 8 or Black Rainstorm Warning is still issued at 06:00; the afternoon session will be cancelled if the above weather conditions persist at 11:30. Further arrangement due to such situation will be noticed.
